

RFQ Clarification Q&A-UNCP-Livermore & Jones Generators

2025

Clarification Questions	Question	Response
We understand that the 20-page limit excludes the SF-330. Are the cover and dividers also excluded from this page limit?	A tab or divider with only a label or number will not count toward the total page count. However, if there is additional content such as text, images, or graphics on the tab or divider, it will count as part of your 20-page limit. Any content beyond a page or tab number will be included in the page count.	
To clarify, we understand our response is to be submitted electronically only. Should the PDF be emailed directly to you, or delivered on a flash drive via hand delivery or courier service?	Yes, submit one (1) electronic copy in PDF format via email only to Kevin Witmore and copy Douglas Hall.	
Please clarify the numbering for Tab 4. In the RFQ (dated 01/20) it seems that two requests are place on one line (4.1), with the total being 8 requests.	The Expanded Information requests for Tab 4 is correct and the slide deck is not.	
Who is the existing service entrance switchboard manufacturer and what is the age of the equipment?	No information is provided for a qualifications-based selection process. The selected firm will be given or will determine the necessary details.	
What is the amperage of the service entrance switchboard?	No information to be provided at this time	
Will the buildings be occupied during construction?	Yet to be determined, as the selection and approvals process will ultimately allow the selected firm to recommend the schedule.
